

Planet in the Hot Seat – Character Cards

Rainforest Defenders (NGO)

Your organization works to protect tropical rainforests from illegal logging and agriculture. You need funding for patrols, education, and satellite monitoring.

PlantMeat Co. (Green Start-up)

Your company produces plant-based meat to reduce carbon emissions from animal farming. You seek investment to scale your technology and go global.

Village Voices (Local Community)

You represent a small village in a developing country suffering from water shortages and pollution. You want access to clean water and sustainable farming tools.

Future Builders (Urban Design Group)

Your mission is to create green, livable cities with bike lanes, trees, and renewable energy. You need funding for a pilot project in a growing urban area.

GreenGen (Youth Activists)

You are a youth movement pushing for climate justice. You organize school strikes, campaigns, and policy proposals. You want resources to train young leaders globally.

EcoTransit Ministry (Government Department)

You manage national transport policy. You aim to shift the system to electric buses and trains, but you need international support and public campaigns.
